Hugh Kelly

UX Researcher, *RSE Research Project with Edinburgh Napier University*
May 2026 – September 2026

- Researched user needs and behaviours to inform interaction concepts for a companion robot supporting young children
- Conducted user research, journey mapping and iterative usability testing to validate design decisions
- Translated research insights into wireframes and interactive prototypes using Figma and FigJam
- Collaborated with electrical engineers to test sensor-based interactions and refine physical prototype usability
- Developed evaluation frameworks to assess and improve the robot's overall user experience

Digital Learning Designer, *MAPAL-OS*
February 2023 - December 2025

- Consulted with 100+ enterprise organisations across hospitality and retail to design user-centred digital learning experiences
- Worked with clients to identify user needs, map journeys and prototype solutions that improved usability and engagement
- Translated client requirements into learning experiences and interface designs using Figma, Articulate and Evolve
- Partnered with clients including BrewDog, Levy UK & Ireland and KellyDeli on onboarding and training initiatives
- Balanced user needs, accessibility and stakeholder requirements to deliver intuitive digital experiences

Business Development Executive, *MAPAL-OS*
February 2022 - February 2023

- Developed knowledge of Learning Management Systems and enterprise digital learning platforms
- Worked with hospitality clients ranging from independent restaurants to multinational organisations
- Identified customer needs around compliance, onboarding and staff engagement
- Used Dynamics CRM to track client interactions and support data-informed decision making
- Gained insight into user behaviours and operational workflows across real-world digital systems

Profile

Early-career User Researcher and UX Designer with experience conducting user research, usability testing and journey mapping to inform digital products and services. Currently completing an MSc in UX Design at Edinburgh Napier University, with professional experience across consultancy, enterprise eLearning, hospitality and robotics research projects.
